Zunder Chosen by VW Group as Selected Partner for its European Network

- **VW Group recognizes Zunder as a preferred partner in Europe, joining its exclusive network of partners.**
- **With over 600 charging points in Spain and expansion into France and Portugal, Zunder earns the trust of VW and Elli to provide their customers with an extensive, reliable, and secure charging network.**

Zunder, a leading ultra-fast charging infrastructure operator for electric vehicles in Spain and Southern Europe, has been named a Selected Partner by the Volkswagen Group through Elli, VW's energy and charging subsidiary. This distinction positions Zunder as a preferred partner for the thousands of electric vehicle users within the German automotive group. Zunder's extensive network of charging stations across Spain will now be prominently featured in VW's navigation systems, providing users with prioritized information and locations.

This strategic partnership underscores the trust that Volkswagen and Elli place in Zunder as a key collaborator in expanding electric charging infrastructure throughout Europe. As a Selected Partner, Zunder joins an exclusive group of partners dedicated to enhancing the charging experience and driving electric mobility in the region.

Daniel Pérez, CEO and co-founder of Zunder, expressed his gratitude for being selected by Volkswagen and Elli as a Selected Partner: *"Being named one of their preferred partners in Europe is a great honor. This recognition strengthens our commitment to advancing electric mobility and expanding our charging station network."*

With over 600 operational charging points and hundreds more under construction in Spain, France, and Portugal, Zunder is solidifying its position as a leading operator of ultra-fast charging infrastructure in Europe. This agreement integrates Zunder's national charging network into the prestigious Volkswagen and Elli Selected Partners Club in Europe, a selection based on the quality, safety, and reliability of Zunder's services.

"It is an honor to be chosen by Volkswagen and Elli as a Selected Partner, highlighting the quality and extensive reach of Zunder's charging stations," added Daniel Pérez.

With this partnership, Zunder continues to play a pivotal role in driving forward the electric vehicle revolution across Europe, offering cutting-edge charging solutions for a more sustainable future.
